

# SAVE OUR BEER

## JOIN THE NEW YORK WATER RANGERS TO CELEBRATE AWARD-WINNING WATER & BEER!

New York's water makes Captain Lawrence's beer great! But it's at risk from fracking. The gas industry wants to frack thousands of wells across the state, endangering the health and safety of our water and forever altering our communities.

The New York Water Rangers are working to protect our communities from fracking and keep toxic fracking chemicals out of the water that makes our beer.

**YOU CAN HELP!** Join us to learn how to get involved!
