**Ellen Weininger - Grassroots Environmental Education**  
**Erin Heaton - Sierra Club**

Fracking is a highly dangerous method of gas drilling that threatens our water, health, communities, and environment. Governor Cuomo is proposing to open NY to fracking on or about February 13. Join your community and learn about the dangers of fracking and what we need to do together to urge him to ban fracking in NY. Activate before it's too late.

**Call Cuomo daily and urge him to ban fracking now 866-961-3208**  
**For more information call Michelle Solomon 845 270-3889. Rockland Coalition Against Fracking**  
**Join our group on Facebook.**
